Incident Debrief led by Josh Reichert

- Several RISC incidents were briefly discussed. Team members who were present at the incident scenes were asked to provide input as to what went right and what could have been done better.
 - 7/26/16 – MM 389
 - NTP was delayed.
 - FHP addressed issues with the trooper that responded. The trooper was not aware of who to notify during such an event.
 - The area had limited shoulder width due to barrier wall, which made it difficult to push the truck off of the road to clear lanes.
 - 8/8/16 – MM 384
 - Approximately 50 gallons of fuel was leaked.
 - Shelby's Towing was on scene for approximately 1 hour before given to NTP.
 - The fuel leak caused the delay.
 - AAG asked if FHP could communicate with incident responders a little better.
 - FHP can escort responders to the scene, but are short on troopers at the moment.
- Captain Tierney suggested using the tape rumble strips leading up to construction zone similar to I-75 in Tampa.

RTMC Agency Event Management Presentation provided by Ryan Crist

- FHWA would like the Team to focus on the self-assessments to raise the score.

- Ryan focused on how we can get more SHRP2 Trainers available to train, and how we can get more agencies involved in being trained.
- Possible web based training to come.

Agency Event Management Presentation provided by Ryan Crist

- In future TIM meetings, agencies will be encouraged to give an event timeline based on their point of view. Please contact Josh Reichert or Dee Dee Johnson if you would like to participate in an upcoming TIM meeting.
- Ryan gave a presentation on event timelines from the RTMC's point of view.

Agency Reviews – Open Forum

- Nothing to discuss.

Closing Remarks

- If anyone is interested in the SHRP 2 Incident Management Training Course please contact Craig Carnes at ccarnes@metriceng.com. He will work with any agencies' schedules, including nights and weekends to make the training course available. He is able to conduct training for groups of ten or more students.
- Josh asked everyone to try to think of ways that we can improve the TIM Team meetings to encourage attendance from a broader audience. Please provide any suggestions to Josh or Dee Dee.
- Next Alachua/Bradford Traffic Incident Management Team meeting will be October 12, 2016 at the FDOT Gainesville Operations Office – 5301 N.E. 39th Ave., Gainesville, Florida.
